DISTRICT CENSUS HANDBOOK

BIRBHUM

**VILLAGE AND TOWN WISE
PRIMARY CENSUS ABSTRACT (PCA)**

**Directorate of Census Operations
West Bengal**

MOTIF

Progress and Heritage of Birbhum

1. **Upasana Griha (Prayer Hall) in Visva-Bharati, Santiniketan:** This sanctuary or chapel is a marvellous edifice. The roof is tiled, some painted and some coloured. The glass hall about 60 feet long and about 30feet wide. The pavement is of white marble. It has four gates from four sides of the garden. Since 1921 Santiniketan has been the seat of Visva-Bharati, an international university seeking to develop a basis on which the cultures of the east and the west may meet in common fellowship.
2. **Bakreswar Thermal Power Project:** The project presently consists of Unit of 210 MW each. The West Bengal Government has authorised West Bengal power Development Corporation Limited (WBPDC) to execute another two units of 210 MW each at Bakreswar Thermal Power Project to meet the growing demand for electricity in the State. Vast deposits of minerals, coal, ceramics, china-clay, quartz and stones,

elaborate irrigation facilities from dams and reservoirs all are landmarks of engineering and technical advancement in the district.

3. **Baul:** One of the most famous and popular folk form of Bengali folk songs. Concentration of Baul singers are found in many places in Birbhum like Bolpur-Santiniketan, Joydev-Kenduli.

4. **Joydev:** Stands on the north bank of Ajay river, the temple of Radha Benode, commonly known as Joydev's temple. Terracotta depicting Mahisasuramardini and other gods and goddesses are to be found in the temple. Joydev (Kenduli) is the birth-place of the Sanskrit Lyric poet Joydev of the 12th century A.D. Joydev composed the famous Lyric 'Gitagovindam' in praise of Radhika and Krishna. A large fair is held here in memory of Joydev on the day of Pous Sankranti every year. Main attraction of the fair is the congregation of Bauls from distant places in praise of their *maner manush* (man of the heart).

5. **Tribal Dance:** The dance by the Santali men and women. This ethnic cultural activities – dance, music, art and folk songs flow from the time immemorial with ever freshness.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Deepak Ghosh, IAS., Director of Census Operation, West Bengal. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The District Census Hand Book or DCHB is the most popular and widely used publication which is compiled and prepared by the Census Organization. The first ever DCHB was published in the year 1951. Thereafter Census Directorate is coming up with the publication of DCHB in every decadal Census and the present volume of DCHB of 2011 is seventh in the series.

Over the time, the contents of DCHB have been changing keeping in track with the requirement of the data user on different amenities. Since DCHB is a compilation of Census and non-Census data, the presentation is being done in two parts, viz. the Part-A and Part-B separately for each district. Part-A contains Village & Town Directory data with some important tables depicting availability of basic civic amenities such as drinking water facilities, educational facilities, post & telegraph facilities, banking facilities etc. at the C.D. Block/Village and Town level. Part-B on the other hand contains District Primary Census Abstract of Total Population including Scheduled Castes and Scheduled Tribes at the C.D. Block/Village level and for urban units like for Statutory Towns and Census Towns, it is ward level. Part-B contains data for sex wise distribution of population, age group of 0-6 years, literate and illiterate, Scheduled Castes and Scheduled Tribes, worker and non-worker data, economic category i.e. cultivator, agricultural labour, household industry worker and other worker.

Apart from the above, DCHB also furnishes a variety of essential information pertaining to the district like brief history, the information about administrative set-up, location, climate, economic resources, land use, transport, industry, trade and commerce, place of historical, archaeological and tourists importance etc. It also provides brief analysis of Census data, presentation of the data through various tables, graphs and maps has made the publication much more attractive and valuable.

Most sincere and deepest gratitude is expressed to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India for his constant inspiration, support and valuable suggestions. The support and assistance of Dr. R.C. Sethi, former Additional Registrar General and Shri Deepak Rastogi, present Additional Registrar General, worth special mentioning. Our earnest gratitude to them. We are also grateful to Dr. A.P. Singh, former Deputy Registrar General (Map) for providing the technical guidance in the preparation of maps and to Dr. Pratibha Kumari, Assistant Registrar General (SS) for her overall supervision. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S. Thapa, Additional Director

(EDP) provided full co-operation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). Heartfelt thanks to all the Officers of the Office of the Registrar General, India who contributed their share in befitting manner.

The sincere contributions made by the District Magistrates of all districts, Municipal Commissioners of Kolkata and Haora Municipal Corporations, District Census Officers, Additional District Census Officers (Officer In-charge, Census) and innumerable Village, C.D. Block and Town level officials of all the districts of West Bengal for arranging collection of village and town directory data by the local officials from the villages/towns under their respective jurisdiction are hereby acknowledged with thankfulness.

At this Directorate level, sincere thanks are due to all those who put utmost sincerity and zeal towards the successful completion of this publication within the stipulated time. As it is not feasible to express recognitions individually, a separate page of acknowledgement is included in this publication.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of the District

Birbhum district has a history of dates back to the age of 'Mahabharata', when there was a village of 'Akchokra'. In this village 'Pandus' are said to have taken shelter after their escape from 'Jatugriha'. By some accounts the 'Akchokra' was comprised of the present villages of Nimai, Ghordaha, Ganutia and Kotersar', under the Mayureswar – II CD Block of the district. Bhim, the 2nd Pandava, resided there for some time.

The area covering the present day Birbhum district was full of forests as reflected from the name 'Birbhum' itself. According to the dialect of the traditional inhabitants of the area 'Bir' denotes forest and 'Bhum' means land.

There are reference in the Jain text 'Acharanga Sutta' that Mahavir extensively travelled the country of 'Ladh' (Radh / Rarh) and 'Vajjabhumi' in the 5th century B.C. The description of the two tracts shows that the 'Rarh' was characterized by alluvial soil and well watered by rivers. The 'Vajjabhumi', on the other hand, was rugged and wild in nature. In general, the area was pathless, covered with forest and scattered villages. Historians have recorded evidences of Chalcolithic civilization in this tract of land which was probably confined in and around the settlements of 'Pandurajar dhibi' an archaeological site, presently at Ausgram CD Block in the Sadar North Sub-division of Bardhaman district, where the tribes continued their simple lifestyle in distant villages and hamlets.

The Buddhist texts like *Anguttara Nikāya* and *Kathasaritsagar* mention present day Birbhum District as a part of 'Anga' which was bounded in the north and east by the rivers of Ganges and Bhagarathi respectively.

Since only a small portion of the area covered by the present set up of Birbhum district was inhabited, the early Medieval history of the district prior to the rise of Sasanka (590 AD - 625 AD) is little known. It is well established that 'Gour' was very much within the Gupta Empire (280 AD – 550 AD) and Birbhum in all probability was part of Gour. Sasanka had his capital at Karnasuvarna in Murshidabad district, also ruled Birbhum district. After the death of Sasanka, Jaynaga became the king and ruled south-eastern portion of Santhal Parganas, the whole of north Birbhum and greater part of Murshidabad. After Sasanka, till the middle of 8th century AD and the rise of Gopal as the king of Pal dynasty, a dark period of social misery and unrest, called 'Matsyanyaya' prevailed in Bengal. The Birbhum district was no exception of such misery. Oppression of the poor and underprivileged was the common phenomena of the society. The poor and needy people became the subject of cruelty of the powerful rich. Gopal (AD- 750), under his kingship put to an end to the *Matsyanyaya* and established peace in the society and that continued till the 2nd half of the 10th century under the kingship of Mahipal – I. The region was ruled by the Palas till 12th century AD, when overlordship of the area passed into the hands of the Senas.

When the Pal dynasty became feeble, a number of semi-independent rulers, basically feudalistic in nature, appeared in many places of Bengal. One such chief was Isvarghosh or Ichhaighosh, known as *Gop* or *Sadgop* king. He established his headquarters at Dhekkari and ruled over the south-eastern portion of modern Birbhum district.

After the Palas, Sens (1070–1230 AD) came in power of Bengal under the kingship of Hemanta Sen, and definitely had control over the areas of present Birbhum till the period of Lakshman Sen AD-1179), as is evident from the writings of the famous Sanskrit poet, one of the *Pancharatnas* (five gems), in the court of Lakshman Sen and author of '*Gita Govinda*'. In this context it is pertinent to

mention here that in commemoration of the poet Jaydev, the festival of Pous-Samkranti is celebrated traditionally every year at his birth place Jaydeb-Kenduli of Illambazar CDBlock.

After conquest of Nabadwip (Nadia) by Muhammad Bin Bakhtiyar Khilji in AD 1201 Muslim rule established in Bengal, though this particular region was almost free from such rules, instead was dominated by feudatory Hindu chiefs like Rudrasaran Roy or Birsimha.

During the early days of Turkis conquest of Bengal, the Lakhnor or the Nagar alias Rajnagar nearly 21 Km. west of Suri had been the capital of Birbhum. This was also an important frontier outpost of Muslim rulers.

During the first half of 13th century the Ganga Emperor Anangabhim III of Orissa (presently Odisha) invaded Lakhnor, the old capital of Birbhum and retained under his control for some time. After this, Ilyas Shah (AD 1342–1358) ascended to the throne of *Lakhnawto* or *Gour* in 1342. Subsequently, the state of Bengal witnessed the invasions by Sultan Firuz Shah Tughlaq (AD 1351–1388), Nasiruddin Muhammad Shah (AD 1435–1459), Rukunuddin Barbak Shah (AD 1459–1474) and Sher Shah (AD 1540 – 1545). Thus, the state including the tract of Birbhum was under Muslim rule. The Mughals have also spread their kingdom in this region as it is evident from Todor Mall's rent roll.

Indeed in the last quarter of the 16th century there was no trace of Mughal central authority in this tract of land. The decisive battle that wiped out the Afghan reign was fought within the borders of the present district, near Sherpur Atia (12 February, 1601) which is situated in the east of the district. But then the effective control of the Mughals was confined to very narrow limits, within and around the capital city of Rajmahal set up by Man Singh. At the beginning of Jahangir's reign there were three principalities, one of them was Bir Hambir who held sway over Birbhum and Bankura. Like two others, Bir Hambir had also initially tendered nominal submission to the Mughal commander Islam Khan. The submission was formalised in 1608. Thus it seems that this area and the *jungle* terrain of the western border of Bengal continued to enjoy some measure of independence during the time of the Great Mughals.

The district of Birbhum came under the Mughal central authority in entirety only from the time of Emperor Shah Jahan. When Prince Shuja revolted against his father and Mir Jumla was sent to subdue him, he outflanked Shuja by a detour through Jharkhand with the assistance of a *Zamindar* of Birbhum named Khwaja Kamal Afghan, and passed through Suri. Then on account of the false rumours of Dara's victory at Ajmer he steadily advanced towards Rajmahal and occupied it. The entire country on the west bank of the Ganges from Rajmahal to Hooghly now passed into the hands of the Mughals.

During the rule of the later Mughals, the Pathan *Zaminders* of Birbhum became powerful local chiefs, and appeared to have tendered only nominal allegiance to the *Subahdars* of Bengal. The life of the area was relatively peaceful during this period. This peace was again broken in AD 1741 owing to the Maratha invasion and the Maratha plunder continued till the middle forties of the 18th century. The border principalities of Birbhum and Vishnupur fell into the hands of the Marathas and the once powerful frontier houses were reduced to poverty and their tenancy fled from a country in which the peasant had become a mere machine for growing food for the soldier.

The several Parganas or Fiscal Divisions which now constitute Birbhum, are mentioned in the rent roll of Todor Mal, Akbar's Prime Minister, as

being included within the Sarkars of Tanda, Jannatabad (*Lakhnauti or Gaur*), and Sharifabad (Bardwan). The first fiscal appearance of the 'zamindari of Birbhum' occurs at the beginning of the 18th century, when the estate or *zamindari* was formally conferred by Jafar Khan on one Asadulla Pathan, whose family had settled in the country about 1600 A.D, after the fall of the Afghan or Pathan dynasty of Bengal kings". The ruler of Birbhum at the beginning of the 18th century was Asadulla Khan (Pathan). The last in his line was Asad-ul-Zaman who got on the wrong side of the British immediately after the Battle of Plassey and it caused the dissolution of the Birbhum Raj. The early period of British administration in Birbhum was a time of trouble and uncertainty. Five years after East India Company secured *Diwani* of Bengal, Bihar and Orissa from Mughal Emperor Shah Alam II in 1765, the district was devastated by famine (Bengali year 1176) - infamous in the history of Bengal.

From December, 1769 to September, 1770 - it was a one year famine caused by the scanty spring harvest in 1769. Nature tried to compensate the loss by providing in plenty next year but to a silent and deserted province. Before the end of May, 1770 one-third of the population was officially calculated to have disappeared and it was estimated that one-half of the cultivators and payers of revenue would perish with hunger. According to W.W. Hunter, "All through the stifling summer of 1770 the people went on dying. The husbandmen sold their cattle; they sold their implements of agriculture; they devoured their seed-grain; they sold their sons and daughters, till at length no buyer of children could be found; they ate the leaves of trees and the grass of the field; and in June, 1770 the Resident at the Durbar affirmed that the living were feeding on the dead." On February, 1771, Mr. Higginson, the supervisor of Birbhum reported the dreadful situation to council and begged it to allow him to suspend the collection of revenue arrears from the remaining poor *ryots* which the council did with much reservation and with an expectation of recovering the balances in the approaching prosperous year.

In the year 1785 the Collector of the Company posted in Murshidabad complained of some troubles in the adjoining areas and following his complaint the district along with Vishnupur was formed into a separate district. In 1793 another change took place and Vishnupur was separated from Birbhum and annexed to Burdwan (Bardhaman). The district was reinstated in 1820 as a separate district and restored to its former size, with the exceptions of a few estates which were transferred to Jungle Mahals. The area of the district considerably diminished again in 1855, when the area known as the Santhal Parganas was separated following the Santhal Revolt and the western highlands of the district were transferred to the newly created district of Santhal Parganas, which consisted mostly of Santhal settlements. In 1879, the last change took place in the district, when Barwan, with an area of 108 sq. miles was transferred to Murshidabad, and Rampurhat and Nalhati were transferred to the district of Birbhum.

By this time, in 1855, the district has also become part of the Santhal Revolt. The Santhal or the hill tribe of Birbhum forms, in all essentials, a distinct ethnical entity and once inhabited the whole western frontier of Lower Bengal, from within a few miles of the sea to the hills of Bhagalpur. On 30 June 1855 the Santhal rebel leaders Sidhu Murmu and Kanhu Murmu mobilized nearly 30 thousand Santhals and declared a rebellion against both the British colonial authority and upper caste *zamindari* system. It started on June 30, 1855 and on November 10, 1855 martial law was proclaimed which lasted until January 3, 1856 when martial law was suspended and the movement was brutally ended by troops loyal to the British Raj.

The tale of misery of the Santhals took a pathetic turn, the vivid description of which is provided by W.W. Hunter in his famous 'The Annals of Rural Bengal' and it would be best to quote from the book:

"Along the skirt of the Santhal country, from the ring fenced colony of the north to the highland valleys of *Beerbhoom*, Hindu hucksters settled upon various pretences, and in a few years grew into men of fortune. They cheated the poor Santhal in every transaction. The forester brought his jars of clarified butter for sale; the Hindu measured it in vessels with false bottoms: the husbandman came to exchange his rice for salt, oil, cloth, and gunpowder; the Hindu used heavy weights in ascertaining the quantity of grain, light ones in weighing out the articles given in return. If the Santhal remonstrated, he was told that salt, being an excisable commodity, had a set of weights and measures peculiar to itself. The fortunes made by traffic in produce were augmented by usury. A family of new settlers required a small advance of grain to eke out the produce of the chase while they were clearing the jungle. The Hindu dealer gave them a few shillings worth of rice and seized the land as soon as they had cleared it and sown the crop. Another family, in a fit of hospitality, feasted away their whole harvest, and then opened an account at the grain-dealer's who advanced enough to keep them above starvation during the rest of the year. From the moment the peasant touched the borrowed rice, he and his children were the serfs of the corn merchant. No matter what economy the family practiced, no matter what effort they made to extricate themselves; stint as they might, toil as they might the Hindu claimed the whole crop, and carried on a balance to be paid out of the next harvest. Year after year the Santhal sweated for his oppressor. If the victim threatened to run off into the jungle, the usurer instituted a suit in the courts, taking care that the Santhal should know nothing of it till the decree had been obtained and execution taken out. Without the slightest warning the poor husbandman's buffaloes, cows, and little homestead were sold, not omitting the brazen household vessels which formed the sole heirloom of the family. Even the cheap iron ornaments, the outward tokens of female respectability among the Santhals, were torn from the wife's wrists. Redress was out of the question: the court sat in the civil station perhaps a hundred miles off. The English judge, engrossed with the collection of the revenue, had no time for the petty grievances of his people. The native underlings, one and all, had taken the pay of the oppressor: the police shared in the spoil." (pp.158 - 159).

Administrative set up

(i) Region of the state where district is located :

The district of Birbhum is situated at the central-western part of the state of West Bengal. It is surrounded by the state of Jharkhand, erstwhile Santhal Parganas district of Bihar, in the north and west, the district of Murshidabad in the east and by the district of Bardhaman in the south.

Latitudinal extension of Birbhum district is between 23°32'30"North and 24°35'00"North and the longitudinal extension is between 87°05'25"East and 88°01'40"East. Total area of the district is 4,545 square kilometers and it is the 9th largest among the 19 districts in the state and has shifted from its 8th position in 2001 census because of the division of Medinipur district and creation of two new districts, both having the larger area.

(ii) Total number of CD Blocks or the next Administrative units of the district and changes therein including jurisdictional changes during 2001-2011:

Administratively, district Birbhum is comprised of three **Sub-divisions** namely, (1) Rampurhat, (2) Suri Sadar and (3) Bolpur. Each Sub-division is again consists of a number of **Community Development Blocks (CD Blocks)** as well as **Police Stations**. There are 19 CD Blocks and 18 Police Stations in the district distributed among the Sub-divisions. The Rampurhat Sub-division includes 8 CD Blocks namely i) Nalhati-I, (ii) Nalhati-II, (iii) Murarai-I, (iv) Murarai-II, (v) Mayureswar-I, (vi) Mayureswar-II, (vii) Rampurhat-I and (viii) Rampurhat-II. There are 7 CD Blocks falling in Suri Sadar Sub-division. These are (i) Mohammad Bazar, (ii) Sainthia, (iii) Dubrajpur, (iv) Rajnagar, (v) Suri-I, (vi) Suri-II and (vii) Khoyrasol while the CD Blocks under Bolpur Sub-division are (i) Bolpur-Sriniketan, (ii) Labpur, (iii) Nanoor and (iv) Illambazar. Suri is the district headquarters.

Similarly, the distribution of 18 Police Stations of the district under the Sub-divisions of are - Rampurhat Sub-division consisting of (i) Nalhati, (ii) Murarai, (iii) Mayureswar, (iv) Rampurhat and (v) Margram Police Stations. Suri Sadar Sub-division consisting of (i) Muhammadbazar, (ii) Sainthia, (iii) Dubrajpur, (iv) Rajnagar, (v) Sadaipur, (vi) Suri, (vii) Panrui, (viii) Khoyrasole and (ix) Kankartala Police Stations and Bolpur Sub-division consisting of (i) Bolpur, (ii) Labpur, (iii) Nanoor and (iv) Illambazar Police Stations.

In addition to the above set up, the statutory urban bodies of the district also come under the administrative purview of the Sub-division.

(iii) Total Number of Towns/Villages etc.:

There are a total of 20 urban units in the district. Out of these units, 6 are **Municipal towns** and 14 are **Census Towns**. The Municipal towns distributed in three Sub-divisions are Nalhati(M) and Rampurhat(M) in Rampurhat Sub-division, Sainthia(M), iv) Dubrajpur(M) and Suri(M) in Suri Sadar Sub-division and Bolpur(M) in Bolpur Sub-division. In this regard it is noted that there is only one new Municipal town, the Nalhati (M), created during the decade 2001- 2011 in Birbhum district as per the Govt. of West Bengal Notification No. 1/MA/O/C-4 1M-15/2000 dated 01.01.2001 under the provision of Bengal Municipal Act, 1932.

Thus, the number of Municipal towns in the district has increased from 5 in 2001 census to 6 in 2011 census whereas, the number of Census Towns are noted increased from only 1 in 2001 to 14 in 2011 census. Ahmadpur(CT), the only Census Town in 2001, is found maintaining its Census Town status during the decade. In addition to this, some new villages have emerged as census towns in 2011 census. These are Barua Gopalpur(CT), Ambhua(CT), Murarai(CT), Kashimnagar(CT), Bishnupur(CT), Fatehpur(CT), Rajnagar(CT), Karidhya(CT), Kalipur(CT), Labpur (CT), Parota(CT), Surul(CT) and Illambazar(CT).

Creation of new Municipal town as well as Census Towns during 2011 census have resulted the decrease in total number of villages in the district. As per the census record, there were a total of 2473 villages in 2001 which has come down to 2455 villages in 2011, out of which 2243 are inhabited and 212 are noted uninhabited. Among the inhabited villages 65 villages are recoded with 5000 and above population. Margram of Rampurhat – II CD Block with a population of 30,055 is the highest populated village in the district. This is followed by Mitrapur of Murarai-II CD Block having 15,452 population and Jeshta Bhabanipur of Nalhati – II CD Block having the population of 15,154. The lowest population of only 2 (two) each is recorded in Baragachha village of Mohammad Bazar CD Block and Dakshin Gobindapur village of Suri – II CD Block.

The district consists of 19 Panchayat Samities with 169 Gram panchayats including 2,455 villages.

(iv) If the district is newly created, the area from which it has been carved out:

It is not a newly created district.

(V) Urban Local Bodies:

The history of urban local bodies dates back in India to Indus Valley Civilization. In modern India it originated during British rule when in 1687 the first Municipal Corporation was set up at Madras under a charter granted by James II. There are different types of municipal bodies, namely, Municipal Corporations, Municipalities, Notified area Committee, Cantonment Boards etc. Except the Cantonment Boards all other types are created under State Municipal Laws. Cantonment Boards owe their origin to the Central Act called Cantonment Acts, 1924. A Municipality is a body politic and corporate, constituted by the incorporation of the inhabitants of a city or town. Municipal Corporations constitute the highest or topmost form of urban local governments and are created for big cities by the enactment of State Legislatures or of Parliament in case of Union Territories. A Notified Area Committee is created for an area which does not fulfill all the conditions laid down as necessary for the constitution of a Municipality or it may also be created for newly developing towns or areas. The councils of all these corporate bodies except Notified Area comprise elected, opted and associate members. The Notified Area is governed by the State Governments through a body nominated by it. The primary object of every urban local body is to provide civic amenities to the people and the overall development of the town.

The State Government has set up Department of Municipal Services in 1972. Subsequently, in 1978, the Municipal Service Department was renamed as Local Government & Urban Development Department. Present Municipal Affairs Department was created in the year 1991 vide Home (C&E) Department's Notification No 16133-AR dated 29 June, 1991 by bi-furcating the Local Government and Urban Development Department.

The State Government constitutes Municipalities after taking into consideration the public opinion of the concerned areas for the purpose of utilization of regional resources in municipal development; giving priority to the improved quality of life of the urban poor and weaker sections of the society; decentralization of the development projects; and to make the Municipalities capable to provide urban services as well as micro-planning for their area. Moreover, to facilitate the systematic urbanization process, the responsibilities were also shared to enable the urban local bodies to function as a local government in its true sense and to make them responsible and accountable to the citizens. The State Government has been constantly reviewing and amending laws. Term of a Municipal Board is fixed to 5 years.

It has been already mentioned that there are 6 municipalities in Birbhum, namely 1) Rampurhat, 2) Sainthia, 3) Suri, 4) Dubrajpur 5) Bolpur and 6) Nalhati. In Birbhum, except the Suri Municipality established in 1876, all the

other Municipalities were established after independence. Rampurhat(M) and Bolpur(M) both were established in 1950, Dubrajpur(M) in 1984, Sainthia(M) in 1987 and Nalhati(M) being the latest in 2001. For local administration the Municipalities are divided into Wards depending upon the population and area. As per 2011 census record number of wards in the Municipalities of Birbhum district are Rampurhat(M)- 17, Sainthia(M)-16, Suri(M)- 18, Dubrajpur(M)-15, Bolpur(M)- 18 and Nalhati(M)- 16. Among the Municipalities the highest of 80,210 population is recorded in Bolpur(M) followed by Suri(M) (67,864), Rampurhat(M) (57,833), Sainthia(M) (44,601) and Nalhati(M) (41,534) while the lowest of 38,041 population is noted in Dubrajpur(M).

Civil Administration

The district functionary is governed by a hierarchical system of administration headed by the **District Magistrate (DM)** at the apex body of District Headquarters. Under the District Headquarters come the Sub-divisions which are headed by the Sub-division Officers (S.D.Os). The Sub-divisions are again divided into two parallel bodies of functionaries' i.e; the Police Stations (PSs) and the Community Development Blocks (C.D. Blocks) to administer the law and order and developmental activities respectively. The sole authority of the district police lies with the Superintendent of Police (SP) for the district.

The Civil Administration of the district consists of District Magistrate as the Principal Executive with three Sub-divisional Officers being the Sub-divisional heads and one Block Development Officer for each CD Block. Under the Police Administration of the district is headed by the Superintendent of Police and under him there are three Sub-divisional Police Officers with Inspector in charge/ Officer in charge in each Police Station. At the District Head Quarter, District Judge is the head of the Judiciary. The Sub-divisional Judicial Magistrate sits in the Courts at the Sub-divisional level.

District Highlights - 2011 Census

- Birbhum District comprises of 19 C.D. Blocks and 6 Statutory Towns.
- There are total 2455 Villages and 14 Census Towns in the District.
- Birbhum District occupies 14th position in terms of Population and it ranks 13th in terms of Child Population (0-6 years age group) among all districts in the State.
- Birbhum District occupies 10th position in terms of Scheduled Castes Population in the State.
- Birbhum District occupies 10th position in terms of Scheduled Tribes Population in the State.
- The percentage of urban share of Population of Birbhum District has increased from 8.6% (2001 Census) to 12.8% (2011 Census) of Total Population of respective Census.
- Birbhum District ranks 5th in decadal Population growth rate among the Districts with 16.1%.
- The density of Population (Population per square km) of the District is 771 per square km which makes its rank 13th in the State.
- The Sex Ratio of the District is 956 (No. of females per 1000 males) which is higher than the State's Sex Ratio (950) and it ranks 6th in the State along with the Districts South 24 Parganas and Dakshin Dinajpur. The Birbhum District ranks 7th in the State along with District Bardhaman when only Rural Sex Ratio (955) is considered. In case of Scheduled Caste Population it also ranks 6th (953) along with Puruliya District.
- Birbhum District has the highest Sex Ratio for Scheduled Tribes Population along with Hugli District. Notably the ratio is 1,024.
- In case of proportion of Child Population (0-6 years), Birbhum District ranks 5th in the State (12.8%).
- Birbhum District has experienced a decline in Child Sex Ratio (CSR) from 964 in 2001 Census to 959 in 2011 Census vis-à-vis the State decline from 960 in 2001 Census to 956 in 2011 Census.
- Literacy Rate of the District is 70.7% (lower than the State average of 76.3%) thereby making its rank 14th in the State.
- The Work Participation Rate has improved from 37.4 (in 2001 Census) to 38.0 (in 2011 Census) and in this case it ranks 10th in the State.
- Birbhum District is following a decreasing trend in percentage of Main Workers to Total Workers from 73.7 in 2001 Census to 68.6 in 2011 Census similar to trend in the State where the percentage 78.1 in 2001 Census dips into 73.9 in 2011 Census.
- There are 10 (ten) Villages having Population 10,000 and above.
- Baragachha (Mohammad Bazar C.D. Block) and Dakshin Gobindapur (Sainthia C.D. Block) are the least populated Villages in the District with Population 2 each.
- Margram (Rampurhat-II C.D. Block) is the most populated (Population 30,055) Village in the District.

- Sainthia C.D. Block has the highest number of Villages (230) and Nalhati - II C.D. Block has the lowest number of Villages (48) in the District.
- Birbhum District stands 9th in terms of area (4545.00 sq. km) in the State.
- The proportion of Agricultural Labourer in Total Worker is 45.9% and thereby Birbhum District ranks first in this category in the State. The percentage of Cultivators to Total Worker is 17.1%.
- There are 215 uninhabited Villages in the District.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/paramilitary areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of

population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
