MOTIF

THE PALACE AT KOCH BIHAR TOWN

Koch Bihar district from 1510 AD to 1949 AD was ruled by the famous Koch Dynasty. During British rule it was a Princely State. Amongst the immense archaeological monuments of Koch Bihar, the palace at Koch Bihar town with its beautiful architecture pulls us to the kingdom of a feudatory ruler also of British Government. The palace with huge surrounding garden area and its beautiful lighting system attract tourists of different parts of the country and is being admired by the tourists.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Deepak Ghosh, IAS., Director of Census Operation, West Bengal. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The District Census Hand Book or DCHB is the most popular and widely used publication which is compiled and prepared by the Census Organization. The first ever DCHB was published in the year 1951. Thereafter Census Directorate is coming up with the publication of DCHB in every decadal Census and the present volume of DCHB of 2011 is seventh in the series.

Over the time, the contents of DCHB have been changing keeping in track with the requirement of the data user on different amenities. Since DCHB is a compilation of Census and non-Census data, the presentation is being done in two parts, viz. the Part-A and Part-B separately for each district. Part-A contains Village & Town Directory data with some important tables depicting availability of basic civic amenities such as drinking water facilities, educational facilities, post & telegraph facilities, banking facilities etc. at the C.D. Block/Village and Town level. Part-B on the other hand contains District Primary Census Abstract of Total Population including Scheduled Castes and Scheduled Tribes at the C.D. Block/Village level and for urban units like for Statutory Towns and Census Towns, it is ward level. Part-B contains data for sex wise distribution of population, age group of 0-6 years, literate and illiterate, Scheduled Castes and Scheduled Tribes, worker and non-worker data, economic category i.e. cultivator, agricultural labour, household industry worker and other worker.

Apart from the above, DCHB also furnishes a variety of essential information pertaining to the district like brief history, the information about administrative set-up, location, climate, economic resources, land use, transport, industry, trade and commerce, place of historical, archaeological and tourists importance etc. It also provides brief analysis of Census data, presentation of the data through various tables, graphs and maps has made the publication much more attractive and valuable.

Most sincere and deepest gratitude is expressed to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India for his constant inspiration, support and valuable suggestions. The support and assistance of Dr. R.C. Sethi, former Additional Registrar General and Shri Deepak Rastogi, present Additional Registrar General, worth special mentioning. Our earnest gratitude to them. We are also grateful to Dr. A.P. Singh, former Deputy Registrar General (Map) for providing the technical guidance in the preparation of maps and to Dr. Pratibha Kumari, Assistant Registrar General (SS) for her overall supervision. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S. Thapa, Additional Director

(EDP) provided full co-operation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). Heartfelt thanks to all the Officers of the Office of the Registrar General, India who contributed their share in befitting manner.

The sincere contributions made by the District Magistrates of all districts, Municipal Commissioners of Kolkata and Haora Municipal Corporations, District Census Officers, Additional District Census Officers (Officer In-charge, Census) and innumerable Village, C.D. Block and Town level officials of all the districts of West Bengal for arranging collection of village and town directory data by the local officials from the villages/towns under their respective jurisdiction are hereby acknowledged with thankfulness.

At this Directorate level, sincere thanks are due to all those who put utmost sincerity and zeal towards the successful completion of this publication within the stipulated time. As it is not feasible to express recognitions individually, a separate page of acknowledgement is included in this publication.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of the District

The Koch Bihar District (also known as Coochbehar or Cooch Behar) lies in the North Eastern part of the state of West Bengal. Geographically, Koch Bihar district is surrounded by district Jalpaiguri to the North and West, State of Assam (Kokrajhar and Dhubri districts) to the East and International Boundary with Bangladesh towards South, South-East and South-West. The location of the district is spread over from 26° 32'20" N to 25° 57'40" N Latitude and 89° 54' 35"E to 88° 47' 40"E Longitude.

The district Koch Bihar in its present statute was formed by an agreement dated 28th August, 1948 declaring cessation of full and extensive authority, transfer of jurisdiction and power from the previous princely rulers of feudatory Cooch Behar State to the Dominion of India. The Transfer of administration from the monarchical rulers to that of Indian Union took place in 12th September, 1949 and few months later in 19th January, 1950 the present district Koch Bihar of the State of West Bengal was officially formed.

Ancient History of Koch Bihar

The ancient history of the Koch Bihar is a pleasing amalgamation of proven history with the mythological stories and hyperbolic account of historical events. The present day Koch Bihar district has remained a part of the ancient Kingdom of 'Pragjyotish', which has been mentioned severally in texts of the *Ramayana*, *Mahabharata*, *Hari- Vansha* and many Puranas like *Brahmanda – Purana*, *Bayu- Purana* or *Matsya- Purana*. Although the boundary of the kingdom varied from time to time, the area was alternatively formed part of the territories known as 'Lauhitya', 'Kamrupa' or 'Kamata'. And thus the early history of Koch Bihar is compounded in the history of 'Pragjyotish', 'Kamrupa', 'Kamata' or parts of present day West Bengal, Assam and northern Bangladesh.

The etymology of the term 'Koch Bihar' can be generally drawn as the abode or 'Bihar' of the 'Koch' people. There is, however, different schools of thoughts. One mythological reference is that Kshatriyas, being afraid of the mass killings of Parasurama, took shelter in the 'Koch' or 'Lap' of mother Goddess Bhagabati here. Another story states that the term 'Koch' can be described as the shrunken condition (*Sankoch*) of Kshatriyas. Alternatively the name 'Koch' is taken from name of the river Sankosh (also known as Gadadhar and Svarnakosha) flowing through the region and the 'Koch Bihar' comes from place of residence or play-ground of the 'Koch' people.

As mentioned in the great epic *Mahabharata*, almost the entire area of present day Northern Bengal and Assam was included in Pragjyotish and Koch Bihar was situated in that territory, being ruled by jubilant King Bhagadatta, son of Narakasura. During the great war of Kurukshetra, Bhagadatta fought valiantly for the Kauravas leading an army of *Kiratas* and *Cinas* and was killed in the hand of Arjuna. Bhagadatta's descendant Vanamala, who ruled around First Century CE, first bore the title 'Barman' which has been extensively used by the Kings of Kochbihar till a very later date.

Historical evidence of a powerful kingdom is found in the writings of famous Chinese traveller Hiuen Tsang (Xuanzang) when he visited Kamarupa on around 639 CE during the rule of King Bhaskar Barman, presumably, of the same lineage of King Bhagadatta. The geographical and historical descriptions found in his

writings are also corroborated in the contemporary writing of *Yogini Tantra*. In the 10th Century manuscript of *Kalika Purana*, the evidences of a country to the north and east of present day Uttar Dinajpur district named Pragjyotish can be found. Other notable mentions of this regions can be found in 4th Century inscriptions of Samudragupta and 7th Century inscriptions made by King Bhaskar Varma of Karna Suvarna of present day Bengal.

From the historical evidences retrieved so far, it has ascertained that during the 1st Century CE Kamrupa, including present day Koch Bihar was ruled by King Deveswar who was a *Sudra* by caste and was a worshipper of Devi Kamakhya, the other form of Devi Durga. Another notable king in that dynasty was King Nagasankara who ruled around 378 CE He was engaged in conflict with great Gupta King Samudragupta. Evidences of these confrontations are found in the famous *Allahabad Pillar inscriptions*. He built the temple of Nagasankara. During Sixth Century CE, portions of the Kamrupa dynasty, up to the bank of river Lauhitya was won by King Shashanka of Gauda of Bengal. However, following the death of mighty King Shashanka, the Kamrupa was won back by King Bhaskarbarma, the successor of the ancient Dynasty of King Bhagadatta of Pragjyotish. After winning back the lost kingdom, he made an alliance with the Tibetan kings and is said to have extended his domain up to the interiors of northern Bengal. During the rule Devpala, the king of Buddhist Pala Dynasty of Bengal, Kamrupa (Pragjyotish) came under the dominion of the Palas at around Ninth Century CE Subsequent to the fall of the Buddhist Palas, the kingdom of Kamrupa was ruled by local chieftains from the *Koch* and *Mech* tribes, who were Hindu by religion. Kshatriya Monk named Jitari and *Raja* Jalpesh of present day district Jalpaiguri are two important names during the period.

Later on, contemporaneous to the Sena Dynasty of Gauda, another clan of Hindu kings emerged and ruled Pragjyotish (Kamrupa), who also used the suffix *Pala* to their names (Pala Dynasty of Kamrupa). They are also said share the lineage of Bhagadatta and Narakasura and were worshippers of Shiva, like their ancestors of *Kirat* tribes. However, till date, no direct linkages has been established between the Buddhist Palas of Bengal (Gauda) to that Hindu Palas of Kamrup. Before the invasion of the Muslim rulers at the end of Twelfth Century CE, Kamrupa was conquered by and regained several times from Hindu Sena Dynasty of Gauda the Hindu Palas of Kamrupa.

Medieval History of Koch Bihar – Khen Dynasty:

After the fall of Pala Kings of Kamrupa and Sena dynasty from Gauda, Koch Bihar was ruled by many tribal chieftains from the Koch, Mech, Garo, Kachari and Bhot tribes. However, the exact chronology of the rulers are yet to be ascertained. During the advent of the medieval period, an independent tribal monarchy under the kingship of Kanta Nath alias Niladhawaja emerged in the modern day Koch Bihar and Kamrupa, which, can easily be identified as the formation of Koch Bihar in its more contemporaneous prominence. Although King Niladhawaja worshipped the Vedic gods especially, Devi Kamakhya, being from Khen Tribe, his clan is known as Khen Dynasty. He built his Capital at Kamatapur on the West Bank of river Dharla, which is situated at about 20 km. from modern day Cooch Behar town. He and his successors, Chakradhwaja and Nilambar extended their kingdom and their territories include whole of modern day Koch Bihar, greater part of districts Goalpara and Kamrup of modern day Assam, Rangpur district of present day Bangladesh, portions of districts Jalpaiguri and Uttar Dinajpur of West Bengal. They used the titles *Kamateswara* (the

lord of Kamatapur) and during the reign built fortified cities and many citadels across their kingdom to protect from the Muslim rulers of Gauda and Bengal. Well-built Roads made of burnt bricks for communication across the kingdom and erection of many temples also symbolises the welfare measures taken up by the rulers from Khen Dynasty. Temple of Devi Kamateswari was built by King Niladhwaja himself followed by famous temples of Shiva at Baneswar (in present day Koch Bihar), Jalpeswar (Jalpesh temple in Present day Jalpaiguri) and Koteswar (in present day Rangpur of Bangladesh) by his grand-son Nilambar. The modern day *Gosanimari Rajpat* are also said to be built during this period. The term *Rajpat* symbolises kingdom in Bengali. This place, named after Goddess Gosani Devi, is bound by two rivers Dharla to the east and Singimari to the west, played a significant role in the emergence, rule and decline of the kingdoms. Archaeological evidences of massive brick built walls, brick lined huge wells, water tank etc. have been found at Gosanimari. Terracotta figurines of animals and human beings, plaque, old coins etc. have also been excavated at Gosanimari, which is located at modern day Dinhata. The dynasty weakened after King Nilambara and ultimately around 1460 CE, the Hindu kingdom was completely overthrown by the Muslim Pathan ruler Hussain Shah from Bengal (Gauda) and for some time, was ruled by *Baro Bhuiyan* chieftains. As stated by Dr. Buchanon Hamilton, many temples and sculptors built by the Khen Kings were completely destroyed by the iconoclast rulers of this period and later.

Kings of Koch Dynasty in Koch Bihar:

Contemporaneous to the Muslim rule in Koch Bihar, Ahom Dynasty ruled by the kings originated from China, emerged in the eastern portions of the present day Assam. Amidst the conflict between the Muslims of Gauda and Ahom Dynasty of Assam, the rise of Koch Kings of Koch Bihar took place. The earliest traces of the later benevolent rulers of Koch Dynasty can be traced in the rise of the local chieftain, Koch Hajo, who seized the territory from the one of the *Bhuiyas* of the '*Baro Bhuiyan*' and the formed an alliance with the Mech leader Haridas alias Hariya through marriage of his daughters Jira and Hira. The first notable historical figures of Koch Bihar Dynasty named Chandan, Madan, Visu (Viswa Singha) and Sisu (Siswa Singha) were born out of this marriage.

King Chandan ruled Koch Bihar from 1510 CE and can be considered as the first enthroned King of modern Koch Bihar Dynasty. After his rule of 13 years, King Viswa Singha became the King in 1522 CE with the royal title '*Kamateswara*' following the Vedic customs and from his rules the systematic administration and regular state organisation activities were initiated in Koch Bihar. According to mythological account, King Viswa Singha was begotten by his mother from Mahadeva (Shiva). His brother, Siswa Singha assumed the Title '*Raikat*' implying head of the family and hereditary Chief Minister to the kingdom. King Viswa Singha appointed a group of Ministers and conducted the first Census of the Kingdom counting the number of able bodied males capable of War in his kingdom. He built a structured army plenteous with elephants, horses and buffalos and conquered the territories of Saumarapith, Bijni, Bidyagram, Vijoyapur, part of Bhutan upto the foot of the hills and some portions of Gauda Bengal.

After Viswa Singha, his son Nara Narayan ascended the throne of Koch Bihar in 1555 and ruled for more than 30 years. He introduced the *Narayani Coins* in his dominion in gold and silver, bearing the name of Shiva and the king on the two

sides, written in Sanskrit. Some of these coins in silver have been discovered during the excavation of Gosanimari Rajpat mound in 1998-2000 by the Archaeological Survey of India and still acts as one of the most important historical documents of that time. He also was a valiant ruler and Koch Kingdom, undoubtedly, took its largest extent during his reign. King Nara Narayan annexed the territories of Kachhar, Manipur, Jaintia Hills, part of Tripura, Kairam, Dimuria and part of modern day Sylhet in Bangladesh and where the kings had to make regular annual pecuniary tribute to Nara Narayan beside gaining full control over almost whole of North Bengal, North Eastern States and portions of Bhutan. His brother, Sukladhwaj alias Chilarai became instrumental for his wins. Later on, Sukladhwaj became the ruler of the eastern portions of the country (modern day Assam) and Nara Narayan continued to reign in other parts. In addition to the expansion of the territory of the kingdom, the academic aspects and discussion of classical Sanskrit also reached its zenith during King Nara Narayan's reign.

Succeeding to Nara Narayan's death in 1587, King Lakshminarayan ruled Koch Bihar who was contemporaneous to Mughal Emperor Akbar and made an alliance with. Which, in turn, introduced Mughal to Koch Bihar and acted as a shield against the Pathan rulers of Gauda Bengal. The Vaishnavism preached by Sri Chaitanya Mahaprabhu is also said to be spread across Koch Bihar during his time. After Lakshminarayan, Biranarayan became King from 1621 to 1625 CE, succeeded by King Prana Narayan (1625-1665 CE). During Prana Narayan's rule, the old Shiva Temples and Gosani Devi temple at Gosanimari were re-erected. After him, Koch Bihar was ruled by King Modanarayan (1665-1680 CE) and Vasudeva Narayan (1680-1682 CE) and after fierce battle for throne among the successors of King Prana Narayan and Modanarayan, Mahendra Narayan became the King of Koch Bihar on 1682 CE at the age of only Five years. After Mahendra Narayan, Rupa Narayan became the King of Koch Bihar and reigned till 1714 CE One of the most important event during the King Rupa Narayan was the war with the *Fauzdar* of Rangpur (in present day Bangladesh), who was appointed by the Mughals. Following the conclusion of the fight, a treaty was signed between the two parties in 1713 CE and few areas were exchanged including conquer of *Chaklas* named Boda, Patgram and Purbabhag by kingdom of Koch Bihar. These handover of jurisdiction including the *Chaklas*, formed the base for formation of *Chhitmahals* two centuries past, between Union of India and Republic of Bangladesh.

During the rule of later kings of the Koch Bihar Dynasty, the jurisdiction of the Koch Bihar kingdom was reduced almost to the boundary of modern day Koch Bihar district.

After Rupa Narayan the next king was Upendra Narayan, who ruled Koch Bihar till 1763 CE and followed by Devendra Narayan who ascended the throne at a very early age and was murdered after a reign of only two years. The most important event during this period was the '*Transfer of Dewani*' of the Bengal, Bihar and Orissa to the British East India Company by the Emperor of Delhi, King Shah Alam with right to realisation of revenue from the three provinces. Throughout the eighteenth century, Koch Kings suffered from aggressive extension of Bhutanese kingdom more towards the plains and by the end of the century, a large portion of the kingdom came virtually under the Bhutanese dominion. As a result, Koch Kings sought political asylum from the British and consequentially, an important treaty was signed between the Koch Bihar kingdom and British East India Company during the rule of King Dharendra Narayan on 5th April 1773, stating that the King would come under subjection of East

India Company and would agree to a good proportion of annual revenue to the British. From this period, the princely state of Koch Bihar became a feudatory state under the subjugation of the British. Consequential to the Treaty, a Governor General's Agent was appointed in 1822 upon whom the representation of the Koch Bihar was vested upon. Although the *Narayani Coins* remained in circulation during this time, the Public Officers were appointed by the British and gradually, the collection of Excise, the Land Revenue, appointment of Police and formation of Military, matters relating to *Zamindaris* were started to be governed by the British.

In the nineteenth century, during the feudatory rule under British dominion, one important king of Koch Bihar was King Nripendra Narayan, who ascended the throne in 1863 as an infant and upon attaining adulthood, married Sunity Devi, a notable queen of the dynasty and daughter of famous *Brahma Dharma* protagonist Brahmananda Keshab Chandra Sen. She was a benefactor of women's education, established schools and colleges in Koch Bihar and introduced scholarships for the pupils. The modern day planned city of Cooch Behar Town took its shape during King Nripendra Narayan including construction of well-planned roads and different administrative buildings. The modern day Koch Bihar Palace was also constructed during his rule. Nripendra Narayan was succeeded by Kings Rajarajendra Narayan (1911-1913 CE) and Jitendra Narayan (1913-1921 CE). King Jitendra Narayan's son Jagaddipendra Narayan was the last ruling *Maharaja* of Koch Bihar. Jitendra Narayan's daughter Princess Gayatri Devi became the *Maharani* of Jaipur through marriage with *Maharaja* Sawai Man Singh II of Jaipur. Gayatri Devi was one of the most illustrious princesses of India and was a very successful politician. The transfer of territorial administration of the feudatory state of Koch Bihar to that of the Union Govt. of India was conducted by King Jagaddipendra Narayan.

***Chhit- Mahals* of Koch Bihar:**

Chhit-Mahals of Koch Bihar are a quintessential example of existence of 'Enclaves' existing between two independent countries, India and Bangladesh. By definition, an enclave is a portion of a country entirely surrounded by the territories of some other country. Thus, enclaves are geographically non-contiguous or disjoint from the main part of the country. As per the note on Land Boundary Agreement released by the Ministry of External Affairs, Government of India, there are 111 Indian enclaves in Bangladesh, which are considered to belong to district Koch Bihar jurisdictionally but without any direct access or contiguity to the district boundary. However, ascertaining the exact number of enclaves are some-times difficult as in many cases smaller enclaves or *Chhits*, are part of bigger enclaves (*Chhits*) which together form complete villages, making the identification of exact boundary between the two entities difficult, sometimes impossible. Collectively, these Indian enclaves are spread over an area of more than seventeen thousand acres inside Bangladesh. (source: note on LBA released by MEA, GOI)

Although, the matters of concern relating to *Chhit-Mahals* of Koch Bihar emerged only after independence of India and Bangladesh (erstwhile East Pakistan) in 1947, the historical evidence of disjoint land owned by the Koch Bihar kingdom can be traced back to early eighteenth century. Consequent upon the Treaty signed in 1713 between the Koch King Rupa Narayan and *Fauzdar* of Rangpur (in present day

Bangladesh) appointed by the Mughals, territories were exchanged and *chaklas* of Boda, Patgram and Purvabhadra came under the control of Koch King which were isolated from the main kingdom. The dominion of the Koch Bihar king prevailed in the distant *Chhitis* almost ceaselessly till the independence in 1947, despite the various ups and downs in the kingdom, Mughal influence or ruling of Britishers. In absence of a definitive border agreement or a defined passport system, governing in a distant land disconnected with the mainland never became an administratively difficult exercise. However, the situation changed after independence. During the partition of India Koch Bihar kingdom joined India and as per the Coochbehar Agreement signed in 1949, the areas under the *Chhit-Mahal* surrounded by Bangladesh was also included in India, as it was during the rule of Koch Bihar Kings. The Radcliff Line separating the two countries is also drawn showing the areas accordingly.

As per the decision taken by the two countries post independence, neither side can conduct unilateral survey in the area to demarcate boundary or other purposes. As per the latest headcount exercise conducted jointly by the two countries in 2011, total population of Indian enclaves in Bangladesh are around 37,334. During last six decades of independence, several attempts have been made to exchange the territories, but the result is yet to be achieved. However, the Land Boundary Agreement, signed on 6 September 2011 by the Foreign Ministers of India and Bangladesh in the presence of the Prime Ministers, paves the way for a settlement of the long pending land boundary issues between the two countries. (source: note on LBA released by MEA, GOI)

Population dynamics of the District Koch Bihar:

The history of conduct of Census in district Koch Bihar is strikingly archaic. King Viswa Singha, who ruled Koch Bihar from 1522 to 1555 CE, conducted first Population Census in the Kingdom. However, his interest was mainly of the able bodied male population who are capable of joining the Royal forces during the War.

The first Census of Koch Bihar in the modern era was conducted between November, 1871 to February, 1872 showing a population figure of 5,32,565. The average density of population in the district was 407 persons per square miles. Although the concept of villages in feudatory state of Koch Bihar differed from that of the villages in other areas of Bengal, there were 1199 number of habitations in the state.

During the succeeding Census in 1881, population rose by 13.2% and was recorded at 6,02,624. However, due to some natural calamities like earthquakes and floods, population of feudatory state of Koch Bihar reduced during next two decades. With the exception of such few cases, population of Koch Bihar district rose has recorded a modest rise and during the first Census of independent India, it was recorded at 6,71,158. In all decades Coochbehar Sadar Sub-Division has remained highest populated, both in terms of density and absolute figures.

Another important feature of the population of district Koch Bihar is that being ruled by feudatory rulers under British regime, the state has attracted considerable number of immigrants from other places, including the neighbouring districts. Immediately after independence along with partition, this immigration rose to 1,45,916 out of a total population of 6,71,158 which is almost 21.75%.

District Koch Bihar has the highest proportion of population falling under Scheduled Castes category in the state of West Bengal. As per Census 2011, Koch Bihar has recorded a 50.17% concentration of population under Scheduled Castes category. Ethnicity wise the most dominant population group in Koch Bihar district are the *Rajbanshis*. They form around 75.2% of Scheduled Castes population and 37.72% of total population in the state. Next comes the *Namasudras* who form 12.61% of Scheduled Castes in the district. As noted in *The Cooch Behar State and its Land Revenue Settlements* by Babu Harendra Narayan Chaudhuri the term '*Rajbanshi*' can be regarded as an addition of honour, meaning 'related to the Royal family'. Another theory of origin of the caste is that during invasion of Aryans in the east, the caste might have created from intermixing of Aryans, Assamese and the Bengalis of the region.

Administrative set up

Post the amalgamation of the district with Union of India, Koch Bihar has become a district in the state of West Bengal and is governed by the similar Administrative, Civilian and Judicial structure as that of the other districts of the state.

Administratively, the District Magistrate of Koch Bihar is the coordinating Officer of all Governmental functions in the district which is divided in to five **Sub-Divisions** comprising of twelve Community Development Blocks (CD Blocks) and Six Municipalities. The Sub-Division wise break-up of Community Development Blocks and Municipalities are as follows:

(a) **Cooch Behar Sadar Sub Division** lies in the central most portion of the district comprising of Cooch Behar I and Cooch Behar II CD Blocks and Cooch Behar Municipality.

(b) **Dinhata Sub-Division** lies in the Southern portion of the district and comprises of Dinhata I, Dinhata II and Sitai CD Blocks and Dinhata Municipality.

(c) **Mathabhanga Sub-Division** lies to the North and West of Cooch Behar Sadar Sub-Division and comprises of three CD Blocks namely, Mathabhanga I, Mathabhanga II and Sitalkuchi and Mathabhanga Municipality.

(d) **Mekhliganj Sub-Division** spreads from the North-West to South-West corners of the district comprising of two CD Blocks namely, Mekhliganj and Haldibari and two Municipalities, namely, Mekhliganj Municipality and Haldibari Municipality.

(e) **Tufangunj Sub-Division** forms the eastern border of the district and is adjacent to the neighbouring state of Assam. This Sub-Division consists of Tufangunj I and Tufangunj II CD Blocks and Tufangunj Municipality.

As on 2011, there are Eleven (11) Police Stations in the district Koch Bihar spread over Five Sub-Divisions which are

(1) Cooch Behar (Kotwali) Police Station is under **Cooch Behar Sadar Sub Division**; (2) Dinhata (3) Sitai Police Stations are under **Dinhata Sub-Division**; (4) Mathabhanga, (5) Ghokshadanga, (6) Sitalkuchi Police Stations are under **Mathabhanga Sub-Division**; (7) Mekhliganj Police Station spread over Mekhliganj CD Block and Mekhliganj Municipality, (8) Kuchlibari, (9) Haldibari Police Stations under **Mekhliganj Sub-Division**; (10) Tufangunj and (11) Bakshirhat are under **Tufangunj Sub-Division**.

Under the provisions of the West Bengal Panchayat Act, 1975, a **Three Tier Panchayat system** is functioning in the district. There are 128 nos. Gram Panchayats, 12 nos. of Panchayat Samities and one Zilla Parishad functioning in the district. All the Gram Panchayats have good infrastructural facilities and function under the guidance of the Panchayat and Rural Development Department of Government of West Bengal.

Total Number of Towns / Villages etc.:

As per the frame of Census 2011 there are 1194 villages in district Koch Bihar, out of which 62 are un-inhabited. Beside the 6 Municipalities, namely, Cooch Behar (M), Dinhata (M), Mathabhanga (M), Mekhliganj (M), Haldibari (M) and Tufangunj (M), there are 12 Census Towns in Koch Bihar district which are given below:

Name of Community Development Block	Name of Census Towns under the Community Development Block
Mekhliganj	Nagar Changrabandha (CT)
Cooch Behar - I	Kharimala Khagrabari (CT)
	Guriahati (CT)
	Dhaliabari (CT)
Cooch Behar - II	Baneswar (CT)
	Khagrabari (CT)
	Baisguri (CT)
	Chakchaka (CT)
	Takagach (CT)
Tufanganj - I	Kamat Phulbari (P) (CT)
Tufanganj - II	Chhota Laukuthi (CT)
Dinhata - I	Bhangri Pratham Khanda (CT)

Like other districts of West Bengal, Koch Bihar also has seen a noticeable urbanisation process during last few decades. Although the number of Statutory Towns didn't increase, from 3 Non-Municipal Towns of Census 1991 and 4 Census Towns of Census 2001, the number of Census Towns have become 12 in Census 2011. The new Census Towns for 2011 Census have been declared in CD Blocks Mekhliganj (Nagar Changrabandha), Cooch Behar I (Dhaliabari), Cooch Behar II (Baneswar, Baisguri, Chakchaka, Takagach), Tufanganj I (Kamat Phulbari (P)) and Tufangunj II (Chhota Laukuthi).

Urban Local Bodies:

Although the present day Koch Bihar district is predominantly rural in nature, the history of establishment of well organised towns are as old as the rule of modern Koch Bihar Kingdom. The largest town in the district Koch Bihar has always been the district Head Quarter Cooch Behar (M). All the other important towns in the district were established during the feudatory rule of Koch Bihar Kingdom and has flourished during last six decades after independence of India.

Cooch Behar Municipality: The Cooch Behar town is located on the bank of river Torsa and has a triangular shape having bounded by river Mora-Torsa on the west and river Bura-Torsa flowing from north-west to south-east. The historical evidence of Cooch Behar Town can be traced way back in 1661 CE

during the rule of King Prana Narayan when Mir Jumla, the Mughal appointed *Subedar* of Bengal had marched up to the Capital Town of Cooch Behar and seized part of the town. Later, King Rupa Narayan transferred his Capital to Guriahati which occupied a large portion of modern day Cooch Behar Municipality. Since then the Capital of the kingdom has remained Cooch Behar Town and the Kingdom of Koch Bihar was ruled from the town.

By the end of Nineteenth Century CE, the town took its modern shape and was declared a Municipality in 1885. A Municipal Police force was recruited for maintaining law and order, structured well-lit roads were erected, residences of senior Officers were built beside the princely palaces, schools and hospitals were established. Cooch Behar Municipality is the largest unit of trade and commerce in the district and it retained the status till date. The district administration of Koch Bihar is governed from Cooch Behar (Municipality) and acts as the head quarter of Administration, Judiciary and Civil authorities in the district.

Dinhata Municipality: Dinhata Municipality derives its name from its eponymous Sub-Division of Dinhata and acts as the Sub-Divisional Head Quarter of Dinhata Sub-Division. Like Cooch Behar Municipality, this town was also established during the feudatory rule of the Koch Kingdom in the nineteenth century. The town is located towards south of Cooch Behar (M) and river Dharla flows nearby. This town has been functioning as the local centre of trade and commerce. As per Census 2011, Dinhata Municipality is the second largest town of Koch Bihar district.

Mathabhanga Municipality: Mathabhanga Municipality lies on the right bank of river Jaldhaka, locally known as river Mansai and is a small but important town in the district. Mathabhanga Municipality acts as the sub-Divisional Head Quarter of Mathabhanga Sub-Division and was notified as the Municipality having local self-government during the late-nineteenth century. Mathabhanga Municipality has recorded a population of 23,890 with 12,059 males and 11,831 females as per Census 2011.

Mekhliganj Municipality: Mekhliganj Municipality is the smallest Statutory Town in the district Koch Bihar and is located on the bank of river Tista towards the north-west corner of the district. Location of the town is 26°21'27" North and 88°56'42" East latitude and longitude respectively. Population of Mekhliganj Municipality is 9127 as Census 2011.

Haldibari Municipality: Haldibari Municipality falls under the Mekhliganj Sub-Division of district Koch Bihar. Like other Municipalities of Koch Bihar, Haldibari was also notified as a Urban Local Body with Local Self Government during nineteenth century. In the pre-independence period, Haldibari used function as an important centre of Jute trade in North Bengal. Presently, Haldibari is an one important Railway junction and has recorded a population of 14404 as per Census 2011, which is more than doubled from the figure of 6701 persons of Census 2001.

Tufangunj Municipality: Tufangunj Municipality lies to the 24 Kilometers east of Cooch Behar town and is the Sub-Divisional Head Quarter of Tufangunj Sub-Division. The Municipality is located at the west bank of river Raidak (Also

known as Dipa-Raidak). This urban local body is comparatively new and was built at the advent of twentieth century while the Sub-Divisional Head Quarter of Tufangunj Sub-Division was shifted from the erstwhile town of Fulbari. Tufangunj Municipality is growing rapidly during last few decades as has emerged as an important town in the district.

Civil Administration

As per the standard administrative hierarchy of the state of west Bengal, like other district, the Civil Administration is headed by the **District Magistrate**. The District Magistrate's primary functions include revenue collection, maintenance of Law and Order, functioning as the Chief Executive of the District in several other activities like conducting Elections, Census, implementer of Panchayet System, accomplishment of developmental works etc. The District Magistrate is duly assisted by the Additional District Magistrates, Sub-Divisional Officers of five Sub-Divisions, Deputy Magistrates posted at the Head Quarter, the Sub-Divisions and different important Offices, Block Development Officers and other functionaries of the district administrative machinery.

Police force and District Judiciary

The Police force of district Koch Bihar is led by the Superintendent of Police who is assisted by one Additional Superintendent of Police and four Deputy Superintendents of Police. As noted earlier, there are 11(eleven) Police Stations in the district along with 6 (six) out posts. There are 5 (five) Correctional Homes in the district. The head of the district judiciary of district Koch Bihar is the District Judge. There are 5 (five) courts in the district.

District Highlights - 2011 Census

- Koch Bihar District comprises of 12 C.D. Blocks and 6 Statutory Towns.
- There are total 1194 Villages and 12 Census Towns in the District.
- Koch Bihar District occupies 17th position in terms of Population and 16th in terms of Child (0-6 year's)Population in the State.
- Koch Bihar District occupies 6th position in terms of absolute number of Scheduled CastesPopulation in the State. However, in terms of proportion of population under Scheduled Castes category with respect of total population of the district; Koch Bihar has recorded the maximum proportion in the state at 50.1%.
- Koch Bihar District occupies 17th position in terms of absolute number of Scheduled TribesPopulation in the State, i.e., among the lowest in the state.
- The percentage of urban share of Population of Koch Bihar District has increased from 9.1% (2001 Census) to 10.3% (2011 Census) of Total Population of respective Census.
- The decadal Population growth rate of the District is 13.7% and it is almost at par with the State average of 13.8%. In this category it ranks 10th among the Districts.
- The density of Population (Population per square km) of the District is 832 per square km which makes its rank 11th in the State.
- The Sex Ratio of the District is 942 (No. of females per 1000 males) which is lower than the State's Sex Ratio (950) and it ranks 12th in the State but it possess lowest position along with Purba Medinipur District in the State when only Rural Sex Ratio (939) is considered. In case of Scheduled CastesPopulation it ranks 13th (941). For Scheduled TribesPopulation the Sex Ratio is 931 and it ranks 16th in the State.
- In case of proportion of Child Population (0-6 years), Koch Bihar District ranks 7th in the State (12.2%).
- Koch Bihar District has experienced most decline in Child Sex Ratio (CSR) from 964 in 2001 Census to 948 in 2011 Census in the State vis-à-vis the State decline from 960 in 2001 Census to 956 in 2011 Census has been noticed.
- Literacy Rate of the District is 74.8% (lower than the State average of 76.3%) thereby making its rank 11th in the State.
- The Work Participation Rate has risen from 39.0% (in 2001 Census) to 40.0% (in 2011 Census) and in this case it ranks 5th in the State.
- Koch Bihar District is following an increasing trend in percentage of Main Workers to Total Workers from 78.0 in 2001 Census to 78.6 in 2011 Census opposite to trend in the State where the percentage 78.1 in 2001 Census dips into 73.9 in 2011 Census.
- There are 23 (Twenty three) Villages having Population 10,000 and above.
- ChhitSheoraguri (Dinhata-II C.D. Block) is the least populated Village in the District with Population 4.
- Sitalkuchi (Sitalkuchi C.D. Block) is the most populated (Population 37,052) Village in the District.

- Mekliganj C.D. Block has the highest number of Villages (186) and both Tufanganj-II C.D. Block and Sitai C.D. Block have the lowest number of Villages (53) in the District.
- Koch Bihar District stands 12th in terms of area (3887.00 sq. km) in the State.
- Cooch Behar - II C.D. Block has the largest area (385.38 sq. km) and Haldibari C.D. Block has the least area (152.38 sq km) in the District. On the other hand Haldibari Municipality has the largest area (10.50 sq km) and Tufanganj Municipality has the least area (2.49 sq. km) among the Statutory Towns in the District.
- Cultivators and Agricultural Labourers constitute the main work force of the District. They are 32.3% and 34.7% of the Total Workers respectively.
- There are 62 uninhabited Villages in the District.
- Koch Bihar is the only district in the State which has several `Enclaves' lying inside the territory of the neighbouring country of Bangladesh. These `Enclaves' are known as `ChhitMahals'. On the other hand, Bangladesh also possesses few Enclaves inside Koch Bihar district.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of

population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
