Motif

Bird Sanctuary at Raiganj

After bifurcation of West Dinajpur, Uttar Dinajpur has got a place as a district in the Atlas of the State of West Bengal. The variety of birds with some seasonal migration is the special feature of the district. The Bird Sanctuary at Raiganj of the district is the landscape of the district. The sanctuary is an unique one. The river Kulik passes by the sanctuary giving a splendid attraction for the tourists.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Deepak Ghosh, IAS., Director of Census Operation, West Bengal. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The District Census Hand Book or DCHB is the most popular and widely used publication which is compiled and prepared by the Census Organization. The first ever DCHB was published in the year 1951. Thereafter Census Directorate is coming up with the publication of DCHB in every decadal Census and the present volume of DCHB of 2011 is seventh in the series.

Over the time, the contents of DCHB have been changing keeping in track with the requirement of the data user on different amenities. Since DCHB is a compilation of Census and non-Census data, the presentation is being done in two parts, viz. the Part-A and Part-B separately for each district. Part-A contains Village & Town Directory data with some important tables depicting availability of basic civic amenities such as drinking water facilities, educational facilities, post & telegraph facilities, banking facilities etc. at the C.D. Block/Village and Town level. Part-B on the other hand contains District Primary Census Abstract of Total Population including Scheduled Castes and Scheduled Tribes at the C.D. Block/Village level and for urban units like for Statutory Towns and Census Towns, it is ward level. Part-B contains data for sex wise distribution of population, age group of 0-6 years, literate and illiterate, Scheduled Castes and Scheduled Tribes, worker and non-worker data, economic category i.e. cultivator, agricultural labour, household industry worker and other worker.

Apart from the above, DCHB also furnishes a variety of essential information pertaining to the district like brief history, the information about administrative set-up, location, climate, economic resources, land use, transport, industry, trade and commerce, place of historical, archaeological and tourists importance etc. It also provides brief analysis of Census data, presentation of the data through various tables, graphs and maps has made the publication much more attractive and valuable.

Most sincere and deepest gratitude is expressed to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India for his constant inspiration, support and valuable suggestions. The support and assistance of Dr. R.C. Sethi, former Additional Registrar General and Shri Deepak Rastogi, present Additional Registrar General, worth special mentioning. Our earnest gratitude to them. We are also grateful to Dr. A.P. Singh, former Deputy Registrar General (Map) for providing the technical guidance in the preparation of maps and to Dr. Pratibha Kumari, Assistant Registrar General (SS) for her overall supervision. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S. Thapa, Additional Director

(EDP) provided full co-operation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). Heartfelt thanks to all the Officers of the Office of the Registrar General, India who contributed their share in befitting manner.

The sincere contributions made by the District Magistrates of all districts, Municipal Commissioners of Kolkata and Haora Municipal Corporations, District Census Officers, Additional District Census Officers (Officer In-charge, Census) and innumerable Village, C.D. Block and Town level officials of all the districts of West Bengal for arranging collection of village and town directory data by the local officials from the villages/towns under their respective jurisdiction are hereby acknowledged with thankfulness.

At this Directorate level, sincere thanks are due to all those who put utmost sincerity and zeal towards the successful completion of this publication within the stipulated time. As it is not feasible to express recognitions individually, a separate page of acknowledgement is included in this publication.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of the district

On 15th of August 1947 India got freedom at the cost of partition. Bengal was divided giving birth to a new country named erstwhile East Pakistan (presently Bangladesh) and so was the district, Dinajpur. Approximately two third of the Dinajpur district was included in East Pakistan and one third was within India and was named West Dinajpur. On 1st of April 1992, West Dinajpur was further subdivided into Uttar (North) Dinajpur and Dakshin (South) Dinajpur for proper administrative convenience. The history of Dinajpur starts some 2000 years back. Dakshin Dinajpur is rich in mythological, historical, archaeological, religious, cultural and natural heritages. The glory of Buddhism and Jainism, the shining history of the rule of The Mauryas, The Guptas, The Palas, The Senas, the reign of the Muslim invaders, the active participations of the local people in the national movement and the struggle for freedom made the history of the district very prosperous.

In ancient times, undivided Dinajpur was a part of the Pundra Kingdom. The community of the Pundra Kingdom were known as the Pundras. It is believed that the origin of the state of Pundras was derived from Aitareya Brahmana. Some are of the opinion that the Pundras are from the first chapter of Mahabharata and Haribangsha. The archaeological ruins of Pundrabardhan (present Mahasthangar), the capital of the Pundra kingdom can still be seen in the western bank of Korotoariver in Bagura district, Bangladesh. There were also two other towns of Pundra namely, Gourpur and Kotibarsha. Presently Bangaris situated beside Punarbhabariver in Gangarampur was once known as Kotibarsha. The name Kotibarsha transformed into Kotikpur, Devigarh, Devikot and Devakot during the reign of Mauryas, Guptas, Palas and Muslims respectively. But the name of Bangar, after the name of King Bana, has outshined all other names and is still prevalent. Mythologically, Kotibarsha came under the rule of the King Birat after the defeat and assassination of King Bana by Lord Krishna. The capital of Birat is presently known as Bairhatta in Harirampur.

The establishment of Mauryan Empire in 4th century B.C. helped the spread Jainism in Dinajpur district. It is said that Jain guru Bhadrabahu was born in Kotikpur i.e. in Gangarampur. Bhadrabahu was the Jain guru of Chandra Gupta Maurya, the founder of the Mauryan Empire. The archaeological excavations at Bangar and the inscriptions found from different parts of Dinajpur prove the fact that the entire district along with the whole Pundrabardhana was a part of the Mauryan Empire. The Gupta reign continued till the middle of the 6th century A.D. and in the course of time this district was crowned with the glory of the Gupta rule. The discovery of a number of inscriptions of the Gupta period in the district bears ample testimony to the sway of the Guptas over Pundrabardhana. Copper plate inscriptions found herein offer valuable information about certain aspects of the administration of the country during the reign of the Gupta kings. The inscriptions reveal an efficient and methodical administration during this period and the use of gold and silver coins testify the prosperity of the country.

After the end of the Gupta reign, the Pala dynasty founded by Gopala ruled for about 20 years (750-770). The district witnessed a splendid period of the Palas. Many places, ponds etc. are named after the Pala rulers. Mahipal pool situated in

Kushmandi C.D. Block was named after Mahipal II who dug the tank. The empire reached its peak under Dharmapala and Devpala. Dharmapala extended his Empire into northern parts of Indian sub-continent and Devpala, successor of Dharmapala, expanded the Empire to cover much of South Asia and beyond. The Pala although patronized Mahayana Buddhism, never deprived people professing other religions. The Pala Empire is still considered as the Golden Era of Bengal. The people of Bengal never reached such height of power and glory to that extent.

The Pala dynasty ruled came to an end with the defeat of Madan Pala (1143 – 1162) by Vijay Sen of the Sen Dynasty after a rule for about four hundred years. During the 11th and 12th centuries, the Sena Empire ruled over Bengal though they ruled over North Bengal for a short span of time. Vijay Sen, Ballal Sen, Lakshman Sen were the Sen Rulers who ruled in the 12th century A.D.

At the beginning of the thirteenth century, in 1204 to be precise, Ikhtiyar Uddin Muhammad Bin Bakhtiyar Khilji, a Turkish General, attacked Nabadwip, Nadia in Bengal with only eighteen soldiers (who were mistaken with horse traders) and defeated Lakshman Sen. Lakshman Sen managed to escape. Even after conquering Nadia the centre of power was in Devakot (now Gangarampur) as he established his capital at Devakot and from here in 1206 he conducted the famous Tibet March with as many as ten thousand soldiers. The Tibet expedition was a complete failure and he was assassinated by Ali Mardan Khilji, while he was lying ill at Devakot on his return from Tibet. Muhammad Shiran Khilji (one of the officers of Bakhtiyar Khilji) defeated Ali Mardan and imprisoned him and was empowered as the ruler of Lakhnawati. Later on the capital was transferred from Devakot to the historic city of Pandua first and then to Gour. From 1227-87 AD no less than fifteen chiefs were in authority at Lakhnawati and of them ten were Mamluks of the Imperial Court of Delhi. The history of this period is a shocking record of internal dissensions, usurpations and murders.

The great Mughal Emperor Akbar conquered Bengal in 1585 AD. During his reign, the district of Dinajpur was probably controlled by the Sarkars of Tajpur and Panjara. In the reign of Akbar, we find the first authentic traces of the great *zamindari* family of Dinajpur, with which for the next two centuries the history of the district is closely interwoven. No incident worthy of note appears to have taken place in the district of Dinajpur during this long period of about two hundred years, during which Bengal remained under the control of the Mughals.

The district came under control of the East India Company in 1765, the year in which the East India Company obtained the *Diwani* of Bengal. They appointed Muhammad Reza Khan as their *Naib* or deputy at Murshidabad. In order to acquire control over the administration, they had forced Najm-ud-daulah, Mir Jafar's son, to consent to the appointment of the same Muhammad Reza Khan as his deputy as well. Madnawati, situated in the northern part of Bamangola of present Maldah district was once in Dinajpur district. At the beginning of British rule, an indigo factory was established here and William Carey, the famous English Baptist missionary known as the father of modern missions, joined as the manager. He was a social reformer. He involved himself in many social activities. He worked for the development and spread of education. He opened a school. In 1798 he bought a printing machine from Kolkata to print books in Bengali. But the indigo factory was closed down in 1799.

During the later half of the 18th century, the district was subjected to the plundering raids of the *Sanyasis* and *Fakirs*. Some of these *Sanyasis* settled down and acquired properties in many places of Dinajpur district. It may be recalled that the early Muslim colonisers' activity patronised these *Fakirs* and *Auliyas*, the holy men of Islam, who acted as the vanguard of the army in the hitherto unconquered regions. These *Sanyasis* and *Fakirs* used to enter the district from places in Western India ostensibly for pilgrimage but in reality, to collect treasures by plundering the people. Warren Hastings curbed the activities of the *Sanyasis*, but the fakirs continued to oppress the people of the district even as late as 1799. The East India Company took vigorous measures to bring them to book and by the beginning of the 19th century these activities were completely stopped.

The Rebellion of 1857 left the district undisturbed. The most important result of the Rebellion was that the administration of the affairs of India was taken over by the British Government and the East India Company ceased to exist.

The administration of the British, no doubt, had secured peace and some kind of justice on the inhabitants but the discrimination that was made between Englishmen and Indians in various spheres of administration gradually built up a store of resentment against the British Government.

This district played a leading and especially a militant role during the independence movement against the British imperialism. In 1905, the Secretary of State agreed to the Government of India's new scheme of Partition of Bengal into two parts with the exception of the Darjeeling district, by separating Dacca and Chittagong Divisions to form a new province of East Bengal and Assam. This proposal to divide Bengal was made for administrative convenience and for ensuring advancement in East Bengal and Assam in the fields of education, etc. This move was strongly opposed by the people of the district. Lal Mohan Ghosh suggested that all honorary magistrates and all members of district boards, municipal commissioners and panchayats should resign in a body and national mourning should be observed for twelve months during which the people should not participate in any public rejoicing. The partition was however, proclaimed in September 1905. The reaction in the district to this proclamation was sharp and Maharaja Girijanath Roy took leading part in the agitation against the partition. With the announcement of the partition of Bengal in 1905, a lot of agitation and rebellion was seen in all of Bengal including the Dinajpur district. Branches of revolutionary organizations like Brati Samiti, Anushilan Samiti were opened in various places within the district. By the First World War, revolutionary movement continued in the district of Dinajpur. When the struggle for freedom began in 1919; local Congress leaders of Balurghat promoted the ideals of the Congress throughout the sub-division. Primary Congress Committees were organised even in remote villages. Parallel administration was set up. The well known revolutionary, Purna Chandra Das was arrested by the police in Dinajpur district in 1924. The Swarajya Party, in accordance with its avowed object, succeeded in capturing the seats in Balurghat and Dinajpur Local Boards. In 1928 there was a *hartal* (strike) in Dinajpur in protest against the Simon Commission. In 1930 *hartals* and picketings were resorted to by the people of Dinajpur in protest against Gandhiji's arrest. Dinajpur was a troubled district according to the Government's reports. During the months of June and July, 1932, under the leadership

of Swarajya Party, the Santhals at Akchha in Gangarampur stopped paying rents, *chowkidari* taxes etc. As a result they came into direct clash with the police. Dinajpur continued to figure in the reports of the Government as a troubled district. On 28th October 1933, the railway station of Hili was raided by a group of young men dressed in military uniform. The station staff offered strong resistance and there was an exchange of fire. As a result the night guard of the railway station sustained serious injury and died in the hospital. The raiders who belong to the Anushilan Samiti hoisted the national flag on the station building and decamped with a large amount of money. However all the men who were involved in the raid were finally arrested and sentenced to rigorous imprisonment including transportation for life.

Hindus and Muslims of the district jointly took part in the Khilafat movement of 1920. In 1942, Purna Chandra Das was arrested at Dinajpur. During the 1942 - Quit India Movement, the people of Balurghat acted in a noteworthy manner. On 13th September night about eight thousand people from the rural areas assembled at Dangighat on the western bank of the river Atreyee. Under the leadership of local Congress leader, Saroj Ranjan Chatterjee, they formed a procession in the next morning and proceeded to Balurghat and besieged the town. They damaged and set fire to the important Government offices and buildings. At last the movement was suppressed by strong hands and there were large scale arrests.

Administrative set up

(i) Region of the state where district is located :

The District of Uttar Dinajpur came into existence on 1st April, 1992 after the bifurcation of erstwhile West Dinajpur District. The District lies between latitude 25°11'N to 26°49'N and longitude 87°49'E to 90°00'E occupying an area of 3,142 Sq. Km. enclosed by Bangladesh on the East, Bihar on the West, Darjeeling & Jalpaiguri District on the North and Malda District on the South.

(ii) Total number of C.D. Blocks or the next Administrative units of the district and changes therein including jurisdictional changes during 2001-2011 :

There are two Sub-Divisions in the district namely Raiganj (District Headquarters) and Islampur. There are 9 Police Stations namely, 1) Chopra, 2) Islampur, 3) Goalpokhar, 4) Chakalia, 5) Karandighi, 6) Raiganj, 7) Hemtabad, 8) Kaliaganj, and 9) Itahar. There are a total of 9 C.D. Blocks in the district namely 1) Chopra, 2) Islampur, 3) Goalpokhar-I, 4) Goalpokhar-II, 5) Karandighi, 6) Raiganj, 7) Hemtabad, 8) Kaliaganj, and 9) Itahar.

(iii) Total number of Towns/Villages :

In Uttar Dinajpur district there are 2 Sub-Divisions Raiganj & Islampur, 110km. apart from each other. There are 4 Municipalities i.e. Raiganj, Kaliaganj, Dalkhola and Islampur and 5 Census Towns namely Chopra (CT), Hanskunda (CT), Nachhratpur Katabari (CT), Kasba (CT) and Itahar (CT). There are 98 Gram Panchayats covering 1,516 villages as per 2011 Census.

(iv) If the district is newly created, the area from which it has been carved out :

It is not a newly created district.

(v) Urban Local Bodies :

India has seen the formation of urban local bodies since the time of Indus Valley Civilization. The first Municipal Corporation was set up at erstwhile Madras (now Chennai) under a charter granted by James-II during the British rule in 1687. There are different types of urban local bodies, namely, Municipal Corporations, Municipal Councils, Municipalities, Notified Area Committees, Cantonment Boards etc. Except the Cantonment Boards all other types of municipal bodies are governed by the state municipal laws. Cantonment Boards are controlled by the Central Act called Cantonment Acts, 1924. A municipality is constituted with elected members of the inhabitants of a city or town and municipal corporations, and is created by the enactment of State Legislatures or of Parliament in case of Union Territories. The area which does not fulfil all the conditions laid down as necessary for the constitution of a municipality or it may also be created for newly developing towns or areas are known as Notified Area Committee. Except Notified Area, the councils of all these corporate bodies

comprise of elected members of the public through adult franchise (citizen of 18 years and above) based on secret ballot. The notified area is governed by the state governments through a body nominated by it. Apart from overall planning, creation and maintenance of Civil Administration, the primary object of every urban local body is to provide certain civic amenities to the people. Uttar Dinajpur district has 4 Municipalities and 98 Gram Panchayats covering 1,516 villages as per 2011 Census.

Civil Administration :

The District comprises of 2 Sub-Divisions Raiganj&Islampur with Raiganj being the District Head Quarters. There are 4 Municipalities i.e. Raiganj andKaliaganj in RaiganjSub-Division andDalkhola and Islampur in IslampurSub-Division. There are 5 Census Towns namely Chopra (CT), Hanskunda (CT), NachhratpurKatabari (CT), Kasba (CT) and Itahar (CT). There are 9 Blocks and 98 Gram Panchayats covering 1,516 villages as per 2011 Census.The C.D. Blocks under Raiganj sub-division areHemtabad (with 5 Gram Panchayats),Itahar (with 12 Gram Panchayats), Kaliaganj (with 8 Gram Panchayats) and Raiganj (with 14 Gram Panchayats Towns). C.D. Blocks under Islampur sub-division are Chopra (with 8 Gram Panchayats), Islampur (with 13 Gram Panchayats), Goalpokhar-I (with 14 Gram Panchayats), Goalpokhar-II (with 11 Gram Panchayats), Karandighi (with 13 Gram Panchayats). There are 9Police Stations and 7 Police out-posts in the district.

District Highlights - 2011 Census

- Uttar Dinajpur District comprises of 9 C.D. Blocks and 4 Statutory Towns.
- There are total 1494 villages and 5 Census Towns in the district.
- Uttar Dinajpur district occupies 15th position in terms of population and 11th position in terms of 0-6 year's population in the state.
- Uttar Dinajpur district occupies 13th position in terms of Scheduled Caste population in the state.
- Uttar Dinajpur district occupies 12th position in terms of Scheduled Tribe population in the state.
- The percentage of urban share of population of Uttar Dinajpur district has almost remained same for the last decade (2001 Census to 2011 Census) i.e. 12.1% in 2001 Census and 12.0% in 2011 Census.
- This district has the highest decadal population growth rate in the State with a figure of 23.2% and much higher than the State average (13.8%).
- The density of population (population per square km) of the district is 958 per square km which makes its rank 10th in the State.
- The sex ratio of the district is 939 (No. of females per 1000 males) which is lower than the state's sex ratio (950) and it ranks 13th jointly with Haora in the state but it improves its rank (15th) slightly when only rural sex ratio (941) is considered. In case of Scheduled Caste & Scheduled Tribe population it ranks 15th (932) & 9th (990) respectively.
- Uttar Dinajpur district has maximum proportion of child population (0-6 years) among all the districts in the State i.e. 16.1% of total population are children.
- Uttar Dinajpur district has experienced sharp decline in child sex ratio (CSR) from 965 in 2001 Census to 953 in 2011 Census vis-à-vis state decline from 960 in 2001 Census to 956 in 2011 Census has been noticed.
- The district Uttar Dinajpur has the lowest rank in the State when literacy rate (59.1) of the district is considered (much lower than the State average of 76.3).
- The Work Participation Rate has fallen from 38.3 (in 2001 Census) to 35.8 (in 2011 Census) and in this case it ranks 16th in the state.
- In Uttar Dinajpur district the percentage of main workers to total workers remains same over the decade at 76.6 for both 2001 Census and 2011 Census. But in case of the State average the percentage was 78.1 in 2001 Census then the percentage dips into 73.9 in 2011 Census.
- There are 17 (seventeen) villages having population 10,000 and above.
- Sadipur (Raiganj C.D. Block) is the least populated village in the district with population 1.
- Mahua (Goalpokhar - IC.D. Block) is the highest populated (population 16,080) village in the district.
- Raiganj C.D. Block has the highest number of villages (222) and Islampur C.D. Block has the lowest number of villages (101) in the district.
- Uttar Dinajpur district stands 15th in terms of area (3140.00 sq km) in the State.
- Cultivators and Agricultural labourers constitute the main work force of the district. They are 23.9% and 41.1% of the total workers respectively.
- There are 19 uninhabited villages in the district.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of

population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
